

# LIFE M5 Next Generation Alkaline Mineral Water Ionizer™

***NEW 2015 Model!***

**5  
plates**

LIFE Next Generation M5 Countertop is the mid-grade ionizer that gives top-of-the-line performance, none of our competitors even comes close! The Next Generation M5 has the power you need to deliver the alkaline water at the pH levels you want faster than you ever imagined possible.

***Most powerful 5 plate ionizer in the world!***

**The 'M' in LIFE's M-Series means MORE:**

**Next Generation M-Series, the best water ionizers ever just got better!**

- **GRID Power Plate Technology with MAX Coat** - 8 layers of Platinum over Industrial Titanium
- **MAX Yield SMPS Power System™** - Adjustable to 249 watts
- **Fully Adjustable** - Get the pH you need and the highest antioxidant potential
- **New Larger** ultra efficient electrolysis chambers
- **Stronger pH water** - adjusts up to -10.3 pH for powerful acid-neutralizing alkalinity
- **More antioxidant potential** - up to -500 ORP
- **More warranty** - 7 Years - Parts & Labor
- Dual internal filters with custom pre-filter system
- **BPA Free** tubing

***Options available with the LIFE M5 NG***

- 110v (North America) or 220v
- LIFE Ultraviolet(UV) Technology® (patent pending)
- LIFE MESH Plate Technology®
- Energy Frequency Technology™ - (patent pending)
- LAZER Energy Technology

*See back side for a detailed description of these options.*

# LIFE Ionizer Upgrade Technologies

## LAZER Energy Technology

LIFE's Lazer Energy Technology is based on the theory of Bio-Photonics. The theory of Bio-Photonics is that light can be used to encode water molecules with information using photons and quantum particles of light instead of electrons.

The theory of how Bio-Photonics works is that the cells in your body run on energy, and may communicate with each other using subtle light energy.

## Energy Frequency Technology™ - (patent pending)

LIFE Ionizers® has acquired a propriety technology called Energy Frequency Technology™. The theory behind this trade-secret technology is that it generates and encodes 205 energetic frequencies into the water using techniques derived from quantum physics.

## LIFE UV Light Technology®

UV light protects you from water-borne infection from bacteria, viruses, and cysts by destroying their DNA. This technology is especially recommended for anybody prone to infections.

- \* UV radiation can be an effective viricide and bactericide.
- \* Disinfection using UV radiation is commonly used in waste water treatment
- \* Approved by the EPA for safe drinking water treatment
- \* Safe for pets and children, no hazardous chemicals

## LIFE MESH Technology®

MESH plates increase the alkalinity and antioxidant power of alkaline water by 5 - 10% over conventional flat plates. This means that every glass of alkaline water you drink is packed with more acid fighting alkalinity and beneficial antioxidant power.

The more the water passes in and out of the Titanium grid system (MESH) and the greater the electrical charge to the water (especially when powered by the newer SMPS power systems) - the higher the pH (potential of Hydrogen) and the ORP (Oxidation-Reduction Potential) of the drinking water.
